EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

after "09/929,526, filed on August 13, 2001" (specification amendment on 3/22/04) insert -- , **now U.S. Pat. No. 6,789,109** --;

replace "Application Ser. No. 09/665,721" (p. 1, paragraph 5 of the specification) with -- **US Patent No. 7,129,961** --.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not specifically disclose or remotely suggest

With regard to independent claims 9, 11, 19, and 20:

transferring the saved settings to a remote location and information for the current state of operation, wherein if the remote location cannot recreate the state of the application program, the remote location uses the information for the current state of operation to display the information.

4. These limitations, in conjunction with the other limitations in the independent claims, are not specifically disclosed or remotely suggested in the prior art of record.

In addition, Examiner points to the arguments of Applicant's representative.

In the interview on 1/29/07, Applicant's representative, Brian Young, indicated that the specification and claim language do not relate to http cookies. During the interview, Applicant's representative indicated that the present Application deals with a video editing system.

In addition, Examiner points to the arguments made on 7/19/06 (pp. 7 – 8) regarding the rejection under 35 USC 102(b) with respect to the Matsushita (U.S. Pat. No. 5,850,545) reference; and regarding the 35 USC 101 rejection of claim 20.

A review of claims 9 – 12 and 14 – 22, in view of the Examiner's arguments above, indicates that claims 9 – 12 and 14 – 22 are allowable over the prior art of record.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
